The Poison Apple series is a hit, but if this book is any indication part of its appeal is that it's about contemporary kids doing genuinely bad things.

The Apothecary's Poison on Apple Books

I read lots of bookslotsand many of those are mysteries so it's hard for me to find ones that are unique. The combination of mysteries to solve, a bit of magic, and a smidgen of romance are so well combined in these novels. The plots are well thought out, the characters are interesting and the magic gives everything a special twist. I've pre-ordered the fourth one with anticipation. Thanks for these good reads and for offering them at a reasonable price.
