Journal of Needs The Structural Approach to Cooperative

Co-op Co-op: The description is strange, however the idea is to present cooperative learning structures, rather than specific activities. Its described as a 10 step structure in which student teams create a project to educate the rest of the class. In the project each student has their own task and the

whole task is finished when those components are assembled together. I am not sure how this is 10 steps.

The structural approach breaks this replacement cycle. Instead of doing cooperative learning lessons, teachers learn structures which make cooperative learning part of any lesson. When a new innovation comes along, teachers do not stop using the effective structures; rather they add structures to their repertoire so they make cooperative learning, multiple intelligences, and character development part of each lesson.

Kagan s structural approach to cooperative learning

American educational psychologist Spencer Kagan has a neat set of structures for improving cooperative group-based learning. According to Jane Joritz-Nakagawa, the aims of Spencer Kagan's Cooperative Learning Structures are: One aim is to foster positive, cooperative relationships between learners studying any subject in a class. The second aim is high academic achievement for all learners in a class.
